<https://www.freshlocations.com/property/pear-tree-house/>

Located in South East London, this striking contemporary home is built around a 100-year-old pear tree, a tribute to the site's history as a Victorian fruit orchard. Designed as two interconnected spaces linked by a glass walkway, the property seamlessly balances raw and refined materials. Board-marked concrete walls and polished concrete floors create a sleek, modern aesthetic, while timber cladding adds warmth and texture. Full height windows flood the interiors with natural light, while the large garden and central courtyard provide a serene outdoor backdrop for small scale film and photography shoots. London Borough of Southwark.
